ROOSEVELT NOTE
CHECKED BY C. S. AS
CHECKED BY C. S. ASFrancis L. Robbins for the
Operators Arranges
for a Conference.

PITTSBURGH, Feb. 27.—Acting on the advice of President Roosevelt, made known through letters to International President John Mitchell of the United Mine Workers, and Chairman Francis L. Robbins, of the Pittsburgh Coal Commission, and leader of the bituminous operators, the latter has called a conference in this city to-morrow of the operators' committees, who are members of the interstate agreement, in an endeavor to arrange some means of preventing a strike of the bituminous coal miners on April 1.

In reply to President Roosevelt's letter published to-day, Mr. Robbins sent the following:

"Hon. Theodore Roosevelt, President of the United States, Washington, D. C.

"Dear Sir—I find your letter on my return from New York this morning. Have asked the operators' committee of the interstate agreement to meet me here to-morrow to consider the question of a conference with the miners. Will advise you of result to-morrow. Very respectfully,

"FRANCIS L. ROBBINS."

The letter which President Roosevelt wrote is as follows:

"Washington, Feb. 24.

"Sir—I note with very great concern the failure in your late convention on the joint interstate agreement to come to a basis of settlement of the bituminous mining scale of wages. You in this business have enjoyed a great industrial peace for many years, thanks to the joint trade agreement of your successive conventions.

"A strike such as is threatened on April 1 is a menace to the peace and general welfare of the country. I urge you to make a further effort to avoid such a calamity.

"You and Mr. Robbins are joint chairmen on the joint committee of the National Civic Federation, and it seems to me that this imposes an additional duty upon you both and gives an additional reason why each of you should join in making a further effort.

"Very respectfully,

"THEODORE ROOSEVELT."

POLICE CHOPPED DOWN
ELECTRIC LIGHT POLES.Led by Chief, Patrolmen in Pelham
Manor Carry Out Orders
of Village President.

Chief of Police Marks and ten policemen of Pelham Manor, took down twenty-five poles erected on Pelhamdale avenue yesterday by a gang of fifty men in the employ of the Westchester Electric Light Company.

It is alleged that the poles were put up without the company having previously obtained a permit from the village trustees for the work.

Acting under instructions from Frederick H. Allen, the village president, Chief Marks set out this morning with his men to cut down the poles. On arriving in Pelhamdale avenue, he found John M. Gear, an employee of the light company, engaged in tacking on the poles notices offering \$50 reward for the arrest and conviction of any one guilty of breaking the lamps or in any way interfering with the poles.

The village police, who were promptly arrested, and Chief Marks and his squad of axemen attacked the poles forthwith and soon had them laid low. While the work was being done, a representative of the Postal Telegraph Company and President Reynolds, of the Postal Telegraph Company, stood by and watched the police.

The falling poles were said to have carried down with them the wires of the adjacent telephone line, and caused a temporary block of the telephone line from New Rochelle to New York.

Owing to the blockade the New Rochelle cars were sent over the Pelham line by way of Webster avenue.

While the poles were being cut down fifteen employees of the electric light company were working on the poles in a nearby field, but made no attempt to interfere with the work.

The police have not fully accepted that theory, however, and are making an investigation, prompted by the fact that several hold-ups have recently occurred in the neighborhood.

A letter addressed to Mrs. J. L. Sparklin, daughter of the dead man, residing in Delaware, found in a pocket of the body, established the old man's identity. The body was taken in charge by an undertaker.

Rodriguez was for many years engaged in the manufacture of cigars, and was an inveterate smoker. It was his daily custom to consume twenty, and sometimes thirty-five, large cigars.

He smoked fifteen cigars during a game of stous last night and was weak when he rose to go home.

MME. SCHUMANN-HEINK
WINS FIGHT FOR BOYS

DRESDEN, Saxony, Feb. 27.—The courts here have decided that the three elder sons of Mme. Schumann-Heink, the singer, should be permitted to accompany her to America in April, and have also awarded her the fortune of her late husband, Herr Heink, on the ground that it was earned by her.

Mme. Schumann-Heink recently appealed to the State Department at Washington for assistance in gaining possession of her elder sons, who were said to be detained in Germany on the ground that they were liable to military service. The singer, as a naturalized American, and as the wife of an American, by her second marriage to William Rapp, her manager, in May, 1905, claimed that her sons were entitled to come to this country with her.

Ohio Off to China.

The following cablegram was received to-day at the Methodist Board of Foreign Missions, No. 16 Fifth avenue, from Shanghai, Feb. 27: "James, Charles and families: Lewis, Howe, Osborn, Kahn, Newby, Hughes all reached Kiating safe. Property unharmed. Trouble due to French Catholics' fatal quarrel with magistrates."

Dr. H. K. Carroll, of the Methodist Missionary Society, said this was in response to a cablegram sent yesterday asking the Bishop to give the names of missionaries at Nanchang.

The Lewis referred to in the cable. Dr. Carroll said, is the Rev. Spencer Lewis, superintendent of the mission, who was evidently on a visit to Nanchang.

WASHINGTON, Feb. 27.—The situation in China has taken on such a serious aspect that the battleship Ohio, flagship of the American fleet in Oriental waters, has been ordered to break out of the harbor and return to present station at Manila in a few days.

A boycott of American merchants and the outbreaks against American missionaries are straining the relations of the two countries. Diplomacy seems to have failed utterly to bring about any better feeling in China.

The anti-American feeling has aggravated the popular sentiment against foreigners. In a portion of China have been given to thousands. His experience enables him to furnish the proper kind of eye-glasses.

DOCTOR SAYS
Finds Grape-Nuts Food Invaluable
in His Practice.

A physician first healed himself with food. Then he healed others, and tells his story in a straightforward, business-like way:

"For a long time," he writes, "I was unable to assimilate comfortably any ordinary or prepared breakfast foods. Nearly everything disagreed with me, bringing on heavy headaches, a bad taste in the mouth, and a dullness of mind that was not only unpleasant but interfered with actual mental work. Since beginning the use of Grape-Nuts food some months ago, however, these troubles have vanished and breakfast is relished and enjoyed as it ought to be.

"I find, too, that a small quantity of Grape-Nuts and cream, eaten just before starting out to visit patients at night, prevented the feeling of depression that used to result from this extreme exertion and loss of sleep.

"My wife suffered for several months from recurring attacks of indigestion with fermentation—she would be very miserable for days at a time, and almost any kind of food added to the trouble. She found by experiment that by using Grape-Nuts relief would be obtained in a very short time, even when ordinary remedies for indigestion had failed to help her.

"Mrs. James S., a patient of mine, suffered with sympathetic heart trouble and a stomach so deranged that it rejected all food. Her strength was rapidly falling from lack of nourishment. I recommended the use of Grape-Nuts with cream every 3 or 4 hours. The food proved at once acceptable to her stomach and her recovery to perfect health speedily followed.

"I have found Grape-Nuts an excellent food for patients convalescing from exhausting fevers, as typhoid and pneumonia, and always recommend its use by such. It is admirably suited to these cases, not only because it is easily digested, but because of the great amount of nourishment it contains. Its use rapidly restores vitality and strength."
